Options:

1. Don't need a white tower? These machines come from the fields in a zinc galvanized finish. If you don't mind that color, you can save some \$!
2. Single phase generator rewind (derates machine to 70Kw) - inquire
3. 25' tower extension—inquire.

Shipping - All turbines are priced FOB Plymouth, MA. Shipping estimates gladly provided.

Warranty - These turbines are sold with a 1 year standard warranty that includes all moving parts. Extended warranties are available for these machines for 3 or 5 years, at a cost equal to 7.0% and 15% of the sales price, respectively, payable at purchase of the machine. Extended warranties require Annual Service Plans to be in effect and up-to-date throughout warranty period.

Terms - A non-refundable 10% down payment is required to reserve a production slot for a wind turbine. A signed reservation form must accompany or precede the down payment, by fax or email. An additional deposit of 25% is due 30 days from estimated shipping date, bringing the total deposit to 35%. Balance of payment in full is due in order to release shipment. A 2% discount is offered to purchasers who pay for their turbine up front. Make checks payable to *Aeronautica Windpower, LLC, 11 Resnik Road, Plymouth, MA 02360*. Final payment must be in the form of a certified check. Call for wire transfer instructions if desired. International payments must be made via wire.

Annual Service Agreement - An annual service agreement is available from our dealers which covers one complete servicing and inspection of the machine on-site each year. See Service Plan for more details. Extended warranties require annual service plans through the life of the service plan. Cost of service plan is approximately 1.5% of the turbine sales price, to be paid annually in advance.
